Answer on Question #71956, Chemistry / General Chemistry

Question:

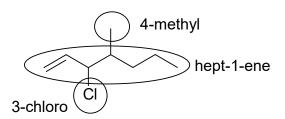

How do you get structural or molecular formula from compounds written like this: 3-chloro-4-methylhept-1-ene, 2,4-dimethyloctane, cyclohexine.

Answer:

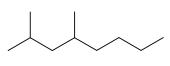

A:

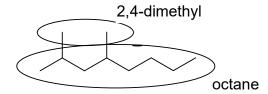

3-chloro-4-methylhept-1-ene

B:

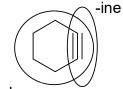

2,4-dimethyloctane

C:

cyclohexine

cyclohex-
